

## ARBS exhibition moves to 2022

We advise we have made the very difficult decision to postpone the ARBS exhibition for a second time. The exhibition was originally planned to be held in May 2020 but due to the advent of the Covid-19 virus was postponed until February 2021. It now appears certain that we will not be able to go ahead with the 2021 exhibition in February due to ongoing restrictions on gatherings, closed international borders and very limited travel permissions nationwide.

Due to the unknown outcome and the need to ensure the safety of all our participants long term we have decided to circumvent any further effects of the virus by moving ahead to our next planned edition of the exhibition in 2022. However instead of moving to Sydney we will continue in Melbourne and hold the next exhibition from 27-29 April, 2022 at the Melbourne Convention & Exhibition Centre.

To all our exhibitors, sponsors, speakers, attendees and suppliers who have remained supportive through these unprecedented times we sincerely thank you for your ongoing collaboration in an effort to bring the industry together for our eagerly awaited 2020 exhibition. Sadly, it was shaping up to be an outstanding event.

In the meantime we are delighted to advise that we will be releasing information very soon on bringing our two major components of the exhibition to life online, namely the ARBS Awards ceremony and the ARBS Seminar program. All entries to the ARBS Awards have already been judged and finalists have been announced and we are getting ready to bring you our online ceremony with all the fun and fanfare we can assemble virtually. Look out for more announcements coming soon and we hope you can join us for the ceremony.

We are also planning on presenting many of our most popular speaker sessions online to provide attendees with the latest updates and information they regularly expect to obtain at ARBS. More details to come on that soon.

So stay with us! Like everyone else ARBS will be a bit different this time around, and you can join us via:

1. Our [online showcase of 2020 exhibitors](#) which provides information, featured products, videos and the ability to search for products and make contact directly with exhibitors.
2. [ARBS 2020 Awards](#) – a fun and fast moving online event celebrating achievements, people and products in the HVAC&R and Building Services industry
3. [ARBS Speaker Series](#) – bringing all the latest information, updates and industry expertise to you in a short, sharp series of presentations

We are desperately hoping things can get back to normal soon for all of us and we can welcome you again to the biggest and best networking event on the HVAC&R and building services industry calendar.
